

Fluorine Free Water Repellents

The latest generation in ultra-durable, fluorine-free water repellents feature an advanced, premium performance that provides the same water repellency, wash durability and run ability as PFOS containing C-6 chemistries. **(Note: Customized versions of Shell-Tech Free repellents are available to address specific performance and processing conditions. Talk to your ORCO representative today!)**

- Robust Processing – excellent for a variety of fabrics, tolerating non-uniform fabric preparation, and feature low temperature cure applications
- Endless applications: Medical, performance textiles, work wear, athleisure, awnings, tents filters, footwear...and so much more

Featured Products

- bluesign® approved
- Biodegradable, **Berry Compliant**
- Excellent spray resistance and durability.

Shell-Tech Free™ M325 SC1

- Very high wash durability, and low temperature cure
- Excellent for heavy weight fabrics
- Based on a hydrophobic reactive polymer

Shell-Tech Free™ 6053

- **Berry Compliant**, highest performing
- Excellent high hydrostatic resistance and initial spray rating. Low temperature cure benefits. Very high and durable water impact resistance. Low mark-off (chalk mark)
- Finish can be effectively cured using simple tumble drying in domestic dryer
- Based on a hydrophobic reactive polymer
