SHELF LIFE & STORAGE FOR ORCO'S POWDER DYES

The shelf life of our dyes is 5 years from the date of shipment, provided they are stored in their original, sealed containers under appropriate conditions (40–75% relative humidity and 15–30°C) and protected from direct sunlight. Exposure to excessive heat, moisture, or direct sunlight may compromise product quality and performance.

If you have questions, please feel free to contact your local Business Representative.

Sincerely,
Organic Dyes & Pigments, LLC
